

CRY OUT AMERICA!

Joel 1:14

Cry Out America!

On September 11, 2008 our nation will pause to remember the greatest “wake-up” call in our generation, the terrorist attacks on 9/11/01. As we pause to remember, a call is being issued by a broad coalition of denominations and fellowships under the Awakening America Alliance.

On September 11, 2008 Christians across our country, are being called to unite around their county courthouse to cry out to God with focused prayer for their community, their lost friends and family, and for the spiritual condition of our nation.
